# What will you learn?

## **Our strands of assessment:**

**Drawing skills**

**Use of materials**

**Artistic understanding**

# **What will you learn?**

**In year 7 you will develop your drawing skills and learn about texture and texture techniques. You will also explore a range of materials, including: paint, pen and sculpture.**

**You will learn about contemporary artists, their importance in the art world and their impact on people and the environment. You will also look at the balance of male and female artists in the art world.**

**All of this will be learnt while exploring the theme of animals and the environment.**

## **Our year 7's work:**

# Exciting project:

## Next year:

The art department have teamed up with contemporary artist TORI RATCLIFFE.

Tori is going to donate a piece of her artwork to one lucky year 7 who can recreate and respond to her style of art.

How AMAZING!

Could you be the lucky winner next year?
