Year 7 Transition, Departmental Information

The Food Preparation and Nutrition Department

Hi I'm Miss Dockrill
and I am head of Food
Preparation and
Nutrition!
Pleased to meet you!

Mrs Barnes

Miss Lloyd

Mr Lewis

Mr Cashman

Food Preparation and Nutrition

Our food rooms- This is what to expect when you come into one of our two, specialist food rooms. You each get your own work station and equipment to use in each of the working areas. We also have plenty of specialist equipment and your lessons focus on not only nutrition but animal welfare and dietary needs too. We also carry out science experiments to learn about the characteristics of different ingredients. You cook nearly every two weeks and is a range of both sweet and savoury foods.

What will you learn in Year 7?

Sensory Testing

Food Science

Basic
Cooking
Skills

Healthy
